Goodell is a much better man than he's been portrayed over the last couple of years, but in this situation not only was he way too harsh with the punishment, but how in good conscience can he hear the appeal? Nobody would want to present their appeal to the same judge who handed down the initial verdict.

It's an all-star cast, with appearances from the likes of Toby Jones, Vincent Cassel, and John C Reilly. Much has been made of Garrone's foray into English, perhaps to broaden his appeal beyond Europe's borders. But the film has such a defiantly European sensibility

that it's a risky move by the director, who may alienate his existing audience.

"One of the questions that we ask is the percentage of people who continue to believe the U.S. is still in a recession or will be out of a recession in the next 12 months," Russo says, noting a full 50 percent of respondents said the U.S. was still in a recession (even though, technically, the country has been recession-free since June 2009). "That dichotomy continues to be evident."
