RealTimes is great for everyone who uses a smartphone to take pictures, which is to say anyone with a smartphone. But it's especially valuable for parents, for two reasons: (1) parents take tons of photos and videos of their kids, and (2) because parents are super busy, they don't have the time to cull through their massive camera rolls to enjoy their photos/videos again or the time to pick the best ones to share with friends and family — they need a solution that creates great results automatically.
