Yes, yes, the American economic and diplomatic embargoes surely helped. Still, other nations were willing to do business with Cuba, but there has been little business to do. Cuba still has only rudimentary stirrings of private enterprises, a lot of it associated with tourism — mom-and-pop stuff. Hollande boldly spoke out on behalf of French business interests. “Of course, we would like to see your rules relaxed and for our companies to be able to manage their resources more freely,” he told the Cubans. Nothing about human rights.

Think Point Break, an undercover thriller but without Patrick Swayze, amazing action sequences and surfing, set it in France over a century ago and you're in the right ballpark for the film The Anarchists.

Scientists say bees — crucial to pollinate many crops — have been hurt by a combination of declining nutrition, mites, disease, and pesticides. The federal plan is an "all hands on deck" strategy that calls on everyone from federal bureaucrats to citizens to do what they can to save bees, which provide more than $15 billion in value to the U.S. economy, according to White House science adviser John Holdren.

The surviving lead cartoonist went on to design the magazine's following "survivors' edition" cover which showcased a drawing of a teary-eyed Muslim Prophet Muhammed holding a sign that read: "All is forgiven."

The next demo, which put us face to face with an enemy soldier, was much more impressive. Nothing seemed unusual at first, but by focusing our eyes on an object in the
distance the focal point changed, blurring anything closer up and aping the function of the real human eye. Shifting our gaze back to the soldier in front of us put him back in focus.
